Serial Number Location

Extracted from the last page of the owners manual:

Dear Customer:

We recommend that for future reference you record the serial number of your Sewing Machine in the space provided.

Refer to illustration at right for location of serial number on your machine.

Serial Number: \_\_\_\_\_

Determining the age of your Athena 2000 machine. This may apply to Touch Tronic's, and perhaps some Futura 900 / 920 series, as well as the Creative Touch line, but cannot confirm that, however, does apply to the Athena 1200 / 2000 series models.

Example serial number: 5 123 321

5 = Year made (1975) (the Athena was first introduced in 1975)

123 = The number of machine off the production line that day

321 = The day of the year made - for that year
